### **2018 PNC Business Meeting Toolbox**

(Business meeting terms and usage)

**SENSE OF MEETING** - used by the Chairperson in order to establish informal rules for use during the meeting, such as how much time each speaker will have to debate a motion, that those wishing to address the Assembly will line up behind the microphone, etc.

**POINT OF ORDER** - Any participant in the PNC Business meeting may address the Chairperson with a point of order to point out proper procedures as defined by Area Guidelines, A.A. Service Manual, or Robert's Rules of Order.

**POINT OF INFORMATION** - Any participant in the PNC Business meeting may address the Chairperson with a point of information to address a question or to make a suggestion pertinent to the matter at hand.

**MOTION TO TABLE** - Any participant in the PNC business meeting may call for a motion to table. A motion to table can be made only after a motion has been made and seconded and debate has begun. If the motion to table receives a second, it overrides any other motion, all debate ceases, and the Assembly votes on the motion to table. A motion to table requires only a simple majority to pass and no minority opinion will be heard. If the motion to table is defeated (or fails to receive a second), debate on the previous motion is continued.

**CALL THE QUESTION** – Any participant in the PNC Business meeting may call for the question (or simply “question”). Call the question can be used after a motion has been made and seconded and debate has begun. Call the question requires a second, is not debatable, and requires a two-thirds majority to pass. If passed, debate on the issue before the Assembly ceases, and the Assembly proceeds to immediately vote on it. If the call for the question is defeated, debate is continued.

**MINORITY OPINION** - In keeping with Concept 5, the Minority opinion will always be heard on any motion (with the exception of a Call of the Question and Motion to Table). Whether the motion passes or is defeated, those in the minority will be given the opportunity to give their reasons. It must be noted, this is not a debate. Those that voted in the majority will not be heard except when the majority is not a sufficient two-thirds to pass the motion.

**RECONSIDERATION** - After the minority opinion is heard, the Chairperson will ask if anyone who voted with the MAJORITY wishes to change their vote. If ANYONE who voted in the majority wishes to change their vote, the motion is restated, and another vote is taken. It must be noted that the motion will not be debated further, and the minority opinion will not be heard after the second vote.

## PACIFIC NORTHWEST CONFERENCE GUIDELINES

Updated as of July 2017

Note: Changes from the last version appear in Underlined text.

The Pacific Northwest Conference (PNC) will include Oregon Area #58, Washington State East Area #92, Western Washington Area #72 and other Areas adjoining the Pacific Northwest that wish to participate.

### PURPOSE

The purpose of the Pacific Northwest Conference is to develop greater unity between the members, groups and Areas of the Pacific Northwest. To encourage the exchange of ideas and experiences and provide an opportunity for members to discuss pertinent aspects of AA. Recovery, unity and service should always be the primary purpose for each Conference. The thought of how we can better serve Alcoholics Anonymous should never be compromised.

### PNC PROGRAM

1. At each PNC, the program will include a minimum of nine of the theme, presentation, workshop or agenda topics discussed at either the most recent, or the next<sub>2</sub> General Service Conference, including items being discussed at<sub>the</sub> Board level.
2. The PNC Host Committee will schedule all of the panel presentations in one room.

### BUSINESS MEETINGS

The PNC conducts a Business Meeting at each Conference. Historically, this meeting is facilitated by the Area Chairperson of the Host Area. The voting body consists of all AA members present at the PNC Business Meeting.

1. At the business meeting, voting members will take bids, similar to PRAASA, from Areas to host PNC and, after evaluation one will be chosen up to 2 years in advance.
2. Business meeting time will be published in the program and will be open to all AA members.
3. Binding commitments or agreements shall be made for more than two (2) years duration.
4. At the end of each Pacific Northwest Conference, after all expenses and debts have been paid, all monies are to be passed to the next PNC Chairperson, with the suggestion that the monies in excess of \$1500 be used for outreach, and to keep the registration and meal cost low.

## C

5. Financial responsibility for the Pacific Northwest Conference will rest with the city, intergroup, district or Area that is the host for that Conference.
6. At future PNC business meetings, it will be the responsibility of the host committee to supply these guidelines to present and future steering committees.

### **CONFERENCE CHAIRPERSON AND COMMITTEES**

The Pacific Northwest Conference Chairperson should be a person with a good overall knowledge of Alcoholics Anonymous. Prior experience with conventions, conferences or assemblies will be helpful.

1. The Chairperson should be a person that is willing to devote a considerable amount of time and effort to the conference. The Chairperson has many responsibilities, some of which are as follows:
2. The Chairperson must not make any commitments or agreements other than those necessary for the specific Conference for which they are Chairperson.
3. The Chairperson selects a Conference committee, which shall consist of a secretary, treasurer, hospitality, facilities, public information, registration, program, and other committee chairs as needed.
4. The facility committee with concurrence of the full committee will make arrangements for the facility and meeting rooms.
5. The hospitality committee will determine how housing and transportation will be handled.
6. The public information committee shall make up flyers as approved by the entire committee and mail them out to Areas, intergroup and central offices. Flyers should be mailed out at least two times, one early mailing, by February 1st, and one six weeks before the Conference. The Grapevine, Box 459, the original five (5) PNC Host Committee websites and newsletters shall be notified of the date and location of PNC five (5) months in advance of the Conference.
8. The program committee will formulate a program and print an estimated 2.5 programs per person based on expected attendance.
9. The host committee will provide literature as necessary. Selling or displaying of any literature or items other than that which is General Service Conference approved shall be discouraged.
10. The Chairperson should maintain a file consisting of all reports, letters, printed material and other material pertaining to the Conference. This file and files handed down by previous Chairpersons should be turned over to each succeeding Chairperson. All past minutes and past programs from PNC are added to a 'History' section of the PNC website.

11. The Chairperson will send a packet of information to the next PNC host Area Delegate and Chairperson and the Area#58 Archives within 60 days after the Conference. The packet will include; minutes, registration list, and financial statements.

12. The Host Area Chairperson is responsible to chair the business meeting and to update the Guidelines. The updated guidelines should be provided to the current PNC Chairperson within 45 days after the Conference.

13. The Chairperson will, within 90 days, turn over to the succeeding Chairperson a copy of the financial report, copy of the business meeting minutes, and proceeds from the conference. Proceeds are addressed in item #4 in the Business Meeting section above.

14. These guidelines have been compiled from various assemblies, and convention experiences, as well as the “AA Guidelines on Conferences and Conventions,” and are meant to be suggestive ONLY.

15. The PNC website address is [www.pnc1948.org](http://www.pnc1948.org). The PNC domain will be maintained by Oregon Area 58 who will be reimbursed by PNC.

16. Each host committee will ensure that the web payment information is passed on to the next host committee during or immediately after the conference, so that the website stays up and running at all times.

17. The Host Committee to arrange for a floor microphone to be available for members asking questions of presenters and Delegates during their “Ask it” session.

Oregon Area #58 will be the permanent holder of PNC Archives.

Astri – committee chair

These are preliminary numbers the actual numbers will be in the final report

129 pre-registered

140 we believe registered

1 from Area 17

5 from Area 79

7 from Area 18

4 from Area 92

18 from Area 58

86 from Area 72

We sold

71 Friday dinners

89 Saturday lunches

89 Saturday dinners

73 Sunday breakfasts

Carol E PNC 2017 treasurers report

We received \$2906.48 from Oregon Area 58

We proceeded to collect more funds and spend a little money.

We may not return all the seed money. We currently do not have all of the seed money in our pockets. We are about \$234 short. Probably due to estimation errors on costs. We knew we had costs coming in but didn't have accurate numbers for these costs. So, these are rough numbers, I need to count the money in the donation baskets. We may have more money in our pool that we think.

This is an expensive area. We need to take that into consideration when we do these things in the future. It is far more expensive than the PNC's I was involved in on the other side of mountains. With that knowledge, we will be better prepared to host the next ones. We will certainly be responsible and have the seed money and hopefully a bit more for outreach.

### Old Business

PNC Archives storage

James area 58 Archivist

Sobriety date is 9/2/1990 My homegroup is a Monday night discussion group in beautiful downtown Scappoose, Oregon. My service commitment to Alcoholics Anonymous is Area 58 archivist, a job I absolutely love.

Question: Should the PNC develop a regional Pacific Northwest Conference archives repository?

I was looking at some stuff in the archives repository and came up with a document from PNC days that said PNC was oldest conference in Alcoholics Anonymous or at least in the Pacific Region it is older than PRAASA and older than the general service I should probably disseminate a little about the role of the archivist.

Looking at some markings the role of the archivist is:

- Establish and maintain control both physically and intellectually over records of enduring value

- An archivist must master a great deal of specialized knowledge

- They should also be guided by a code of ethics

We as archivists collect the information that you want and we make it available for you later is basically what we do.

Archivists do 5 things related to their collection:

- We gather them – we collect all relative permanent records not necessarily original records but at least permanent records. A copy of an original is still a permanent record.

- We sort them in a sensible manner.

- We catalog them. We create a searchable list or an inventory

- We preserve them – simple preservation tasks to prolong the life of the item that may be something as simple as putting it in an acid free protective sleeve in a binder so that it can be viewed by people at a later time and not destroyed by the oil in their hand and so on and so forth.

- The last thing we do is we let people know about them. We create exhibits and displays much like Area 72 and 58 have over here. We write about the archives. We provide information to people. We provide researchers access to the collection.

These tasks are time consuming, labor intensive and can be costly.

In the event that the PNC decides to develop a regional repository from the archives in its areas, these questions have come up Such as:

- Does the area have the space to house collection?

- Is the area the primary renter/owner of the space where they will be stored or is the space shared?

I have heard stories of archivists being locked out of their area because it was owned or rented by a private party or intergroup or what have you.

- Is the work space available 24/7?

This is not to say that archivists work 24/7 but they may want to start at 6 am or may not finish until eleven or twelve at night.

- Is the work space secure so it can be left unattended?

## D

An archivist might be working on something and want to leave and close the door. They want to come back and find it just the way they left it. You need to be the primary renter or owner to do that.

Does the archivist have the time for the extra work?

Some archivists have to travel great distances to get to the repository because we don't have repositories all over the place. Some have limited budgets and some are short on volunteers and equipment

Does position have enough time to take on another task?

Will there be a rotation issue?

Archivists that rotate in have to start learning and keep learning otherwise nobody knows where anything is or how it got filed or how it got cataloged. If there are rotation issues will there could be trust issues. Sometimes people that have items to donate want to see that the archivists are taking care of the collections in their area and if you take care of that collection and you display it and you make it readily available and they see that you do have a valid interest in it they are more willing to bring their items.

Can the archivist create copies for the other areas either by PDF or hard copy?

And all that basically means is if you have a primary repository space in let's say area 79 Yukon and someone from Bandon Oregon would like to see some documents, can they be scanned or copied and sent via e-mail or can they be copied and put in the post so that person can do some research without having to travel hundreds of miles just to look at the copies.

This is from 2016 PNC minutes: reports of areas materials being left and stored unlabeled.

The work has to be done in a timely manner. The archivist needs to get it onto the scanner and get it in the sleeve and get it into a binder, put a label on it.

We at Area 58 repository believe there is a need for such a repository to store the original documents. It doesn't matter which area in PNC region is asked to do it. What is important is that they have the equipment and do the work and keep other archivists informed and supplied with copies so as to have all the archives and archivists in the PNC region informed and able to serve the members of their respective areas.

Thanks for letting me do this Steve. It was a real pleasure.

Geene – I imagine there are going to be questions

Brian Boise Area 18

Thanks for all the wonderful work you do as an archivist. I saw in the 2016 minutes that the PNC archives may be stored with the PRAASA archives in Boise and it didn't really seem like there was a conclusion as to whether that was true. 2 weeks ago, I happened to help move the PRAASA archives so I am available to if you still feel that might be where they will be located.

Astri Area 72 2017 PNC chair

It was determined that linking the PNC with PRAASA was a no go. The issue that we are going to discuss today and that Oregon was asked to look into and come back with a report about was why would it be a benefit for the PNC to have one repository for the PNC archives and area 58 had said that they were willing to be that repository. My understanding is all of the areas have some PNC archives. We have some, Idaho has some and Oregon has a lot. If we agree this is a

## D

good idea all areas would make copies of what they have and send them to area 58 so that all the history would be in one place. Then if we wanted copies of things we could come and get copies. So, we would send copies of our records from 2017 PNC to whoever takes the bid for 2018 and we would also take a copy and send to area 58 so the permanent records would be there and it could be tracked there.

Geene – the question is do we want to have a centralized PNC repository?

Jim Oregon area chair –

I would like to make a motion that we make Oregon area 58 the location for permanent records of PNC

Joe – Seconded

Geene –

Ok those in favor of making area 58 the permanent holder of the archives for PNC?

I do not see anyone opposed

The motion passes

### **New Business**

Astri is going to talk about updating PNC guidelines

Astri PNC chair

As the planning committee started going through the guidelines to figure out what we were supposed to be doing we started seeing some things and thinking that they needed some updating. So, if you want to pull out your guidelines, I would rather not vote one at a time on the changes. I would rather just go through the whole document and maybe if people have questions as I point things out you can ask questions.

On page 1 I just want to point out at the top it says “Note: Changes from the last version appear in underlined text.” This is an important statement for what continues.

The next couple lines say, “The Pacific Northwest Conference (PNC) will include Oregon Area #58, Washington State East Area #92 and other Areas adjoining the Pacific Northwest that wish to participate.”

I think that we need to add Western Washington Area #72 because we are now a part of PNC and if we want to underline that because its new text for 2017 guidelines we can do that but farther on here it notes that we voted to rejoin.

Then go down to Business Meetings. #1 on the first page we voted to change that from “after evaluation one will be chosen two years in advance”. We voted last year to make it “up to two years in advance” so what needed to happen was just to change the “up to” and underline it.

On page 2 is something that Jim and I talked about that is throughout the document are these “noted updated July 2013”. This is not supposed to be a record a historical record. These are guidelines. We have a whole bunch of notebooks of minutes when the changes happened and it doesn’t seem like we don’t need that to be part of the guidelines. So, it seems like we can take out the July 2013 and just move that #5 up and continue down.

Then we go down to the Conference Chair and Committees. Under # 5 on the last paragraph those are changes from 2016 so we need to just remove the underline under mail and mailing for 2017.

On the next page take out “updated July 2013” and go from #10 to #11.

Then in #13 there is a motion noted. I am not sure that this needs to be a part of this document. It is like this has turned in to a record instead of a guidelines document. I suppose its ok to say that ‘in 2006 the members voted to create a PNC website”, or we could just say “The PNC website is [WWW.pnc1948.org](http://WWW.pnc1948.org) and it will be maintained by Area 58. They will be reimbursed by each PNC host committee.

And then #14 on the last page there is another motion. I think it should maybe just say that “the host committee will arrange for a floor microphone to be available for members asking questions”. Then take out “Updated July 2016”.

Then “Area 72 has rejoined” and “Area 58 will maintain the website domain” and “up to two years in advance” these are changes from 2016 and already noted so they can be taken out.

#17 is a motion and can be taken out as well.

Discussion:

Steve – Western Washington Area 72 handbook has an appendix with all of the approved proposals and all of the failed proposals and motions. So, if we are taking the motions out are they going to land somewhere else? People often want to see the history of actions so I want to know if the information will be available somewhere for future reference?

The motions are in the PNC meeting minutes

Jim - it makes sense to have guidelines separate from minutes. Guidelines are just that guidelines. We can always find motions being made in minutes. It would be easier for host committee to have guidelines

Astri – the guidelines are directions for putting on PNC. The guidelines were confusing. We are just trying to clean it up and make it easier for the next committee  
Guidelines should be current practice.

Scott Area 92 Delegate

When PRAASA was rewriting their guidelines, they created a blue line document that reflected everything that was there and everything that was going to be changed so we could have a meeting and discuss changes. The blue line document really made it clear what the changes were to be.

Linda - the changes proposed are just housekeeping, we are not making any changes just cleaning it up

Bill – PNC 2017 Committee member

I understand some peoples concern with seeing the history of why we do what we do but from the perspective of a committee member just wanting clear instructions on what to do to host a PNC these guidelines were very confusing. I feel they should be cleaned up and made clearer for the next PNC host.

## D

Lisa – Feel we need a formal written motion on the floor before we vote

Astri - I make a motion that PNC guidelines be updated/cleaned up  
There are no changes to the guidelines. This would just make them clearer.

Steve - Don't feel it is clear and concise enough to make a well-informed decision on this. I would like to know where the history of the motions will be kept

Chair of PNC 2016 – I feel the guidelines were not clear they are confusing the host committee  
Area Chair updates this document and they don't seem to be clear on what they are doing. Feels this could alleviate some of confusion

Astri - It doesn't say anything in guidelines about showing history and the motions are in business meeting minutes. Area 72 Chair Geene is supposed to update guidelines and this is her first PNC

Jim – I updated the guidelines last time and it is correct that it was confusing and I didn't know what I was doing so I just did what was done in past. I think they need to be cleaned up

Geene - Call the Question  
Update PNC guidelines?

2 opposed

Geene - it already says in guidelines we don't need a vote. It is up to Area Chair to update the guidelines

Motion passes by majority

Discussion for host for 2018

Area 18 BACYCAA (Boise Area Conference of Young People in AA) with letters from Treasure Valley Intergroup and letter of support and financial backing from Area 18 submits bid to host 2018 PNC. We have a contract with the Red Lion.  
This bid is not from Area 18. It is BACYCAA bidding with “support from Area 18 and Treasure Valley Intergroup”

Area 18 has voted to support PNC but has not rejoined. They are hesitant rejoin because when they hosted previously the inherited a \$6000 deficit. They are nervous about rejoining.

Grant (BAYPCAA) I got the guidelines confused it does say the Area needs to host.  
Are there any members here from Area 18 who would like to bid?  
Bullet 3 and 4 of guidelines says financial responsibility will rest with the City, Intergroup, District or Area that is the host.

## D

Thad - Idaho area 18 would be the financial backstop if for some reason the Intergroup or Young People can't make it financially Area would be responsible and they know that.

Joyce – Could it be clarified after the discussion about having anyone who wants to host? What a great thing that an AA Young Peoples group wants to do this. This is the future of AA.

Alan Area 92- the guidelines do state the Area is the host

Astri – Area 72 rejoined PNC before we made our bid. I feel Idaho needs to decide either in or out. I feel they might be jumping the gun.

Alan - last year at Pendleton area 92 said they will host if there are no other bids but would like to let area 18 have the opportunity

Linda – Maybe the guidelines need to be changed

Geene- Since they have support or participation from Area 18 I think it would be great to allow them to host.

Tony - these guys are willing able and ready to host and have Intergroup and Area's financial backing. We should not let our financial fears hold us back.

Guidelines are not rules we can make a decision here today that is different from guidelines.

## 2017 PACIFIC CONFERENCE FINAL REPORT TO AREA 72 ASSEMBLY

7October2017

June 23-25 2017, the Pacific Northwest Conference was hosted by and held in Western Washington Area 72 for the first time since 1998. Doors opened to the Elks Lodge in Oak Harbor (Whidby Island) at 3:00PM on Friday. Attendees were treated to Archives displays from both Washington and Oregon as well as a Literature display. The program consisted of panel presentations on subtopics pertaining to the theme "Supporting our Future". Members from Areas 18, 58, 92, 72 and even 79 (BC Yukon) participated, and gave very informative talks regarding; Communication; Keeping our Doors Open; Concepts and Traditions.

After Friday night dinner was provided current Delegates from 4 Areas; WWA72, WAE92, Oregon 58, BC Yukon 79 as well as the Alternate Delegate from Idaho, Area 18 gave highlights regarding their experience at the General Service Conference then answered questions.

Saturday Thad, Alternate Delegate from Idaho, Area 18 was our after Lunch speaker. After Dinner we got to hear our Area Delegate, Steve, tell his story.

Sunday morning, after breakfast was the Ask-it-Basket, my personal favorite. Delegates from Areas 58, 72, 92 and 79 as well as the Alternate Delegate from Area 18 participated.

As is the practice of PNC, the Business Meeting was held Saturday afternoon and anyone in attendance had participation and voting privileges. Many members did stay and there was much participation in the discussions. After a presentation by the Oregon area 58 Archivist and subsequent questions, the body voted to maintain a central location for PNC Archives and that location would be with the Oregon Area Archives. Next on the agenda was updating the current PNC Guidelines, there was again some disagreement, but in the end, it was agreed that current WWA 72 Chairperson would update the Guidelines as discussed and would provide the updated document. It was then time to entertain bids for 2018 PNC. Boise YPAA submitted a bid stating they would be supported by the Treasure Valley Intergroup and Idaho Area 18. After discussion, Boise YPAA was awarded the bid. 2018 PNC will be held somewhere in Idaho, the last weekend in June. I have been contacted by the 2018 PNC Committee Chair and I have offered myself as a resource and am happy to help and support their planning efforts. Other members of the 2017 PNC Planning Committee have done so as well. We agree that having a Young People in AA group host PNC is very fitting with this year's theme of Supporting our Future.

We had about 140 registered attendees, most were from Area 72, but also had members travel here from Eastern Washington, Oregon, Idaho, BC Yukon and one from Hawaii. As part of the registration process, we encouraged members to "support our future" by donating \$5. to AA World Services. Donations totaled \$540. and were forwarded to the General Service Office along with notes of gratitude for their service. I have since received an email from GSO indicating they received the contribution and they have been reading the notes we sent and express their gratitude. Registration fees did not cover the cost of the PNC, so we therefore passed the basket and received enough contributions to cover the cost, and to forward the \$1500. In seed money to 2018 PNC, per PNC Guidelines.

**E**

I want to thank you all for the opportunity to serve you in this way, I learned a lot and as a result think I can be a useful resource to whomever takes on the responsibility to host for Area 72 next time.

Looking forward, let's help the young people of Area 18 have a successful PNC. Please mark your calendars now and plan to attend and participate at the PNC June 22, 23, and 24 2018, somewhere in Idaho.

Yours

Astri T.

2017 PNC Planning Committee Chair
